

TECHNOLOGY INNOVATION ZONE

Located in the exhibit hall, this area will feature technologies that are transforming the surgical suite. We invite companies to share their innovations in the areas of robotics, voice recognition, virtual reality, AI and more. If you have a new technology or application, you can showcase it in this designated technology area.

Participating companies will be provided the following:

- Demo space
- (1) 6' table
- Carpet
- 2 Chairs
- 1 Electrical outlet
- Complimentary drayage (up to 200 lbs)
- (1) 22"x28" Sign
- Scanned leads of Technology Innovation Zone attendees
- Participation promoted on the website, in the program guide and in blast emails leading up to the show

Cost: \$3,500

You must be an exhibitor to participate in the **Technology Innovation Zone**. Not an exhibitor? Contact **Nancy Iannotta** for booth information and to find out more about a special turnkey exhibiting option across from the Technology Innovation Zone.
